

NCEA Commission on Accreditation (COA)

The NCEA Commission on Accreditation (COA) was formed to facilitate and supervise the continuing education requirements of the skin care professional for recertification and/or relicensure.

Purpose

Since 2000, the National Coalition of Estheticians, Manufacturers/Distributors & Associations (NCEA) has been defining and conveying standards of practice, while educating the industry and the public. In May 2007, the National NCEA Certification Program was launched to recognize the professional credential of *NCEA Certified* awarded to a skin care professional that has met the competency standards as set-forth by the NCEA's 1200-hour Esthetician Job Task Analysis. It represents the highest skin care credential available in the United States, and adherence to the code of ethics of the profession.

NCEA Continuing Education (CEs) is required to be maintained by NCEA Certified professionals and some state regulatory boards may also require CEs for relicensure.

Goals

- Provide educational activities that will increase the skin care professional's knowledge, skills and competency.
- Provide local, regional, national and international accredited educational activities, and learning opportunities.
- Raise the standard of educational delivery methods and utilize faculty disclosure(s) to improve quality of educational activities.
- To meet or exceed state regulatory board's continuing education requirements for relicensure.
- Provide state regulatory boards a quality commission on accreditation for skin care professionals.

Continuing Education Credits

It is the position of the NCEA that:

It is NCEA's position that all states that regulate esthetician licensees should mandate a minimum of 12 hours of Continuing Education credits (CEs)—before an esthetician can renew their license.

Position passed on June 9, 2005

FREQUENTLY ASKED QUESTIONS

1. Am I required to maintain Continuing Education (CEs)?

Yes. Every 3 years NCEA Certified professionals are required to maintain 12 hours of NCEA COA Approved CEs in order to re-certify. In some states you may be required to obtain CEs for relicensure of your professional licenses and/or instructor license.

2. Where can I find out if my state licensure requires I maintain Continuing Education (CEs)?

Your state regulatory board will be able to provide you with the most up-to-date requirements of your licensure renewal requirements. The NCEA website (www.ncea.tv) under the Legislation tab, will have your state regulatory board contact information.

3. Are NCEA CEs recognized in my state?

If your state regulatory board requires CEs for relicensure but does pre-approve CEs, you will need to maintain documentation of the individual credits you have earned. This is usually in the form of NCEA CE Certificates.

4. How can I obtain more information about the NCEA COA?

Contact the NCEA Commission on Accreditation at (201) 670-4100 or visit www.nceacertified.org

5. How can I tell if the NCEA COA recognizes a CE activity?

The NCEA COA Approved Provider will have the NCEA COA Continuing Education "Approved Provider" logo along with the number of CEs awarded for the approved educational activity on their marketing material. This information is also required to be provided on the CE Certificate given at the completion of the educational activity.

If you have a question regarding the NCEA COA Approved Provider, contact our office at (201) 670-4100 or info@NCEACertified.org

NCEA COMMISSION ON ACCREDITATION APPLICATION INSTRUCTIONS

NCEA COA has two different approval processes to obtain continuing education (NCEA CEs) for programs that they provide.

- 1) Single Education Activity (SEA) approval;
- 2) Provider Education Activity (PEA) approval.

Single Education Activity (SEA)

A Single Education Activity shall be an educational program that will be provided once or ongoing by a single individual. Example: Individual educator.

Provider Education Activity (PEA)

A Provider Education Activity shall be an educational program that will be ongoing in a facility or provided at an industry event.
Example: Association meeting and/or educational conference.

NCEA COA Continuing Education Provider Statement

The NCEA Commission on Accreditation has approved this educational activity.

NCEA COA Submission of Documents

The application (with supporting documents) must be submitted electronically to the NCEA Commission on Accreditation office **60 calendar days prior to the date the activity is to be presented**. Applications submitted later than the 90-day deadline will **not** be reviewed.

NCEA Continuing Education (CE) Approval

The NCEA CE approval is good for two (2) years from date of acceptance. (provided that no changes have occurred in the educational activity originally given approval) Within 90 days of expiration, a new application *must* be received to ensure CE activity credit. CEs cannot be awarded retroactively.

NCEA Provider Web Directory

NCEA Approved Providers will be listed in the online directory on the NCEA website located at www.nceacertified.org

NCEA Continuing Education (CE)

A NCEA CE is 45 minutes of a learning activity, either classroom/theory or demonstration/practical, journal-based or web-based.

Determining NCEA CE

Minimum CE unit to be awarded is 1.0. After the first CE, no fractions of the 45-minute CE shall constitute a CE. For example, a 75 minute session will be calculated as 1.0 CE. No rounding up of minutes will be permitted. A 120 minute session will be calculated as 2.0 CE.

Time allowed for introductions, breaks and meals should not be included.

Table for determining CEs:

45 minutes = 1.0	90 minutes (1 hour, 30 minutes) = 2.0
135 minutes(2 hours, 15 minutes)= 3.0	180 minutes (3 hours) = 4.0
225 minutes(3 hours, 45 minutes)= 5.0	270 minutes (4 hours, 30 minutes) = 6.0
315 minutes(5 hours, 15 minutes)= 7.0	360 minutes (6 hours) = 8.0
405 minutes(6 hours, 45 minutes)= 9.0

A NCEA CE Application is required to apply for NCEA CE approval of a continuing education program for either a Single Education Activity (SEA) or to obtain Provider Education Approval (PEA).
